# Tackling homelessness with hampers: making a difference this Christmas

---

- Each hamper sold makes a considerable donation to Beyond Food Foundation, which will go towards supporting their apprentices, continuing their Covid-19 recovery programme, and extending their Made Again programme - which has been specifically designed for those in hospitality and events who face unemployment post Covid-19.
- “To round off what has been a challenging year for so many, why not turn your Christmas event into one with Purpose? Our Feast with Purpose hamper for 50 guests would support a whole course of 20 participants through Beyond Food's Made Again programme. What better gift to give someone in need this Christmas than the confidence and skills to find work in these uncertain times. Thanks for your continued support”, Simon Boyle.
